Naruto X Boruto: Ninja Suspense é um jogo de ação e luta gratuito para Android e iOS, inspirado pelos desenhos animados de mesmo nome. O game une gerações, seja de Naruto Shippuden ou de Boruto, para dar aos jogadores dose ideal de nostalgia e novidade. É possível criar equips e destravar personagens. Nossa opinião Para quem gosta de anime, Naruto X Boruto: Ninja Voltage é uma ótima pedida. O jogo de ação e pancadaria da Bandai Namco leva os smartphones ao limite e entrega gráficos 3D dificilmente vistos em for mobile phones. It recalls versions of Naruto released on consoles, but with a more multiplayer-focused challenge. The game is full of characters, between unlockables and those originally released, to assemble your ninja team. There are heroes from three series: Naruto, Naruto Shippuden and Boruto. They are unlocked in a similar way to other mobile games, with capsules that release collections such as cards and allow access to legendary characters over time. Naruto X Boruto: Ninja Suspense also has social elements of construction and scenarios management. You can build your ninja fortress to defend yourself from enemy attacks and evolve buildings over time. The game tries to have a lot of interactive elements, so keep the player always close. There is also a multiplayer mode in which we fight against players from all over the world, the ideal format for the game in the Naruto series. Commands are always simple in combat, with touches to attack or variations of this for special strikes, defenses and other types of Jutsu, spells of anime world. Naruto X Boruto: Ninja Suspense has everything a fan wants from a series of Naruto games and even features novelties such as territory management and wartime dominance on a global scale. It's one of the funniest games in the series and it's still free. Many Pros characters unlock high quality 3D Graphics Multiplayer capabilities for World CombatResource Management and Strengths to easily learn the disadvantages of commands
